

# STOP

**Your new AquaLab's water activity performance must be verified before testing product.**

---

Using the included vials, choose the two vials with water activities closest to the high and low end of your product's range. Refer to the quick start guide or manual for guidance on how to perform a verification test.

Please note: The included standards are only enough to conduct the initial verification of the instrument.

To order more water activity standards and sample cups, go to [store.aqualab.com](http://store.aqualab.com) or contact us at:

AquaLab Customer Support  
2365 NE Hopkins CT  
Pullman, WA 99163  
509-332-5601  
support@aqualab.com  
(7am-5pm Pacific)
